Please note-

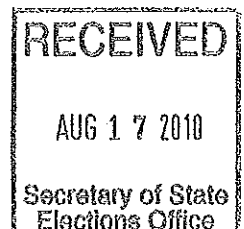

On report filed 7/15 there is a typo under total expenses for the reporting period and total expenses to date. The form states expenses as \$455,116.18, however the correct amount is \$455,166.18. When looking at the detailed expense report from 7/15 you will see that the expense total is correct at \$455,166.18, all expenses are listed.

Our total expenditure amount of \$575,054.51 on report 8/17 is correct to date.

Thank you,
